

neustar INTERNATIONAL SECURITY COUNCIL

The Neustar International Security Council is an elite group of select cyber security leaders across key industries and companies.

Through face-to-face events including an annual summit, quarterly thought-leadership seminars and regional roundtables, members learn and share the latest trends from leading experts and peers. Members may also join the Neustar Customer Advisory Board to provide direct input on product development.

Purpose

The organisation provides opportunities to:

- Learn the latest trends in cyber security from leading experts including industry insiders, thought leaders, government agencies and peers
- Share thought leadership insights, best practices and strategies at the forefront of cyber security
- Build professional relationships at key summits, quarterly thought-leadership seminars and regional roundtable dinners
- Participate in a forum of trust, integrity and confidentiality focused on defending against cyber threats

Program Benefits

Members receive the following benefits:

- Early access to industry-leading products, solutions, and services
- Personal connections with industry thought leaders, analysts, government agency experts and Neustar leadership
- Advance, in-depth analysis of cyber security reports and survey results
- Career development opportunities including a survey platform to provide quotes for media publication, social media engagement, promotion and endorsements from Neustar senior executives, and speaking opportunities at key industry events

Member Benefits

Complimentary programs for members include:

- **Neustar Connect: Annual EMEA Security Summit** – A full afternoon of thought leadership presentations from industry insiders, thought leaders, government agencies and peers sharing emerging trends in cyber attacks and defense strategies and tactics.
- **Customer Advisory Board:** A forum for select members to provide product development and customer services recommendations to Neustar via meetings and focus groups, and preview services in advance of market release.
- **Roundtables and Connection Events:** A series of quarterly thought leadership seminars, social activities, and special receptions at industry conferences and events across the UK and EMEA.
- **“Insiders Circle”:** Opportunities for senior executives to join presenters at breakfast or dinner.
